

Adana Construction Ltd

Fairly Traded goods Policy

Adana Construction Ltd agrees with the principles of fairly traded goods and recognises the need to ensure better prices, decent working conditions, local sustainability and fair terms of trade for workers in the developing world.

Fair Trade addresses the injustices of conventional trade, which traditionally discriminates against the poorest and weakest producers.

We support the Fairtrade foundation which is a development organisation committed to tackling poverty and injustice through trade.

All our employees will be made aware of the principles of fairly traded goods.

As far as is practicable materials will be purchased bearing the Fair Trade mark and certification.
